## Cutting

Our product ranges include cutting tools for small crosssections (with direct transmission of force) to cutting tools for large diameters.

### KT 8

Order No. 9002650000

- Outer diameter max. 8 mm
- Cross-section max. 16 mm<sup>2</sup>

### KT 14

Order No. 1157820000

- Outer diameter max. 14 mm
- Cross-section max. 16 mm<sup>2</sup>

### KT 22

Order No. 1157830000

- Outer diameter max. 22 mm
- Cross-section max. 25 mm<sup>2</sup>

### KT 40

Order No. 2993490000

- Outer diameter max. 40 mm
- Cross-section max. 300 mm<sup>2</sup>

## Stripping

Professional stripping tools guarantee perfect results due to precise adjustment of the tool to the corresponding insulation and the conductor cross-section.

### stripax<sup>®</sup>

Order No. 9005000000

- For PVC insulation
- Stripping range 0.08 - 10 mm<sup>2</sup>

### stripax<sup>®</sup> 16

Order No. 9005610000

- For PVC insulation
- Stripping range 6 - 16 mm<sup>2</sup>

### stripax<sup>®</sup> ULtimate

Order No. 1468880000

- For halogen-free insulation
- Stripping range 0.25 - 6 mm<sup>2</sup>

### stripax<sup>®</sup> ULtimate XL

Order No. 1512780000

- For halogen-free insulation
- Stripping range 2.5 - 10 mm<sup>2</sup>

## Crimping

We offer a wide range of mechanical crimping tools. Crimp connections produced with our tools comply with international standards and specifications.

### PZ 6 Roto ADJ

Order No. 2831380000

- Crimping range 0,14 - 6 mm<sup>2</sup>
- Trapez-Crimp / drehbares Gesenk
- Adjustable handle width

### PZ 10 Hex

Order No. 1445070000

- Crimping range 0,14 - 10 mm<sup>2</sup>
- Hexagonal crimp shape

### PZ 10 SQR

Order No. 1445080000

- Crimping range 0,14 - 10 mm<sup>2</sup>
- Square crimp shape

### stripax<sup>®</sup> plus 2.5

Order No. 9020000000

- Crimping range 0.5 - 2.5 mm<sup>2</sup>
- Trapezoidal crimp shape
- Multi-functionality (cut, strip, crimp)
